Subscription periods last for 12 months at a time. After 12 month period you will be notified that subscription will terminate and you will have to renew subscription if you would like to continue using our services.

Domains are unique and web spaces are individually manufactured and customized for the domain. For a faster delivery of the product, Extilum will usually begin the manufacturing and customizing of the product as soon as the order is received. By ordering, the customer accepts that any right of withdrawal will be dismissed as soon as Extilum has started processing the ordered product.

1.1. Use

Subscribers are not permitted to store large amounts of data on the server for free download or reading without prior agreement with Extilum.

Illegal material is not permitted on any of Extilum's servers, whether this be images, film clips, and other types of files or link to unlawful photos or similar material. For example, unlawful material is, but not limited to, copyright protected material or other material you are not entitled to publish or store according to legislation. Nor is it permitted to store erotic, pornographic or other offensive material on servers owned by Extilum. It is entirely Extilum's decision to determine whether material belongs to one or more of the above categories, and the company reserves the right to delete any such material at any time without notice. In the event of such material being deleted the customer cannot advance any claim against Extilum related to the deletion.

Traffic is basically unlimited (except where it is explicitly stated that traffic is limited). However, traffic must be normal in nature and not disrupt that of other customers. If a customer's traffic disrupts that of others, Extilum reserves the right to close the customer's web space without notice and/or make a separate charge for the traffic. Extilum reserves the absolute right to decide whether or not traffic is excessive. On closure of a web space, no refund will be made of any subscription paid in advance.

Unwanted (spam) mail must not be sent from Extilum's servers. In the event of transgression of this rule, Extilum reserves the right to inform the relevant authority and submit log details etc. to that authority. Extilum reserves the right to demand payment for time spent in relation to such information and its submission to the relevant authority.
